

COUNTRY BY COUNTRY REPORTING PUBLICATION

REPORT 2018

Real Mining. Real People. Real Difference.

Anglo American is a leading global mining company with a world class portfolio of mining and processing operations and undeveloped resources. We provide the metals and minerals to meet the growing consumer driven demands of the world's developed and maturing economies. And we do so in a way that not only generates sustainable returns for our shareholders, but also strives to make a real and lasting positive contribution to society.

We take a responsible approach to the management of taxes, supporting active and constructive engagement with our stakeholders to deliver long-term sustainable value. Our approach to tax is based on three key pillars: responsibility, compliance and transparency. We are proud of our open and transparent approach to tax reporting. In addition to our mandatory disclosure obligations, we are committed to furthering our involvement in voluntary compliance initiatives, such as the Tax Transparency Code (developed by the Board of Taxation in Australia), the Responsible Tax Principles (developed by the B Team), the Extractive Industries Transparency Initiative (both directly and as part of the International Council on Mining and Metals) and the Tax Transparency Standard GRI 207: Tax 2019 (developed by the Global Reporting Initiative, to become effective from 1 January 2021). We are active participants in discussions with key stakeholders on how best to continue our journey towards clearer, more transparent and more meaningful tax reporting.

In light of this, we are publishing our aggregated country-by-country reporting data in accordance with the OECD's template. In line with our three pillars, and our continued aspiration to be a leader in tax transparency, we are publishing our 2018 country-by-country reporting data. We have included footnotes to set out points for further clarification where required. This document accompanies, and should be read in conjunction with, the content of the Tax and Economic Contribution Report 2018.

As we strive to deliver attractive and sustainable returns to our shareholders, we are acutely aware of the potential value creation we can offer to our diverse range of stakeholders. Through our business activities – employing people, paying taxes to, and collecting taxes on behalf of, governments, and procuring from host communities – we make a significant and positive contribution to the jurisdictions in which we operate. Beyond our direct mining activities, we create and sustain jobs, build infrastructure, support education and help improve healthcare for employees and local communities. By re-imagining mining, we are improving people's lives.

TABLE 1 REVENUE CONTINUED

- (1) The operations in **Bermuda** represent captive insurance activities for the group, including managing group insurance/reinsurance arrangements and liaising with external captive managers and reinsurance providers. Bermuda is the world's leading jurisdiction for captive insurance companies.
- (2) The operations in **Luxembourg** primarily represent the activities of Anglo American's iron ore ('Kumba') former commercial office. The majority of the revenues and profits attributed to Luxembourg are referable to Kumba International Trading SARL (now Kumba International Trading Limited), the tax residence of which was migrated to the United Kingdom and the incorporation of which was transferred to Jersey in November 2018. Until the tax residence was migrated, the profits were taxable in South Africa at 28% under its controlled foreign corporation regime.
- (3) Anglo American has operations in **Singapore** including the running of a dedicated regional sales and marketing hub for the sale and trading of products sourced from Anglo equity mines and third party suppliers. Any related party transactions are conducted on an arm's length basis in accordance with OECD principles and local legislation. Anglo American pays corporate income tax on the profits it derives on the running of the regional sales and marketing hub in Singapore in accordance with legislated tax incentives granted to Anglo American for the significant contributions made to the Singaporean economy.
- (4) The operations in the **United Kingdom** primarily represent shareholder and shared service activities (including sales & marketing and finance & administration). The majority of the revenues and profits attributed to the United Kingdom are referable to the sales & marketing activities of Anglo American Marketing Limited, Anglo Platinum Marketing Limited and (since November 2018) Kumba International Trading Limited.
- (5) The stated capital information in this document has been extracted from the Group's consolidation system. It is possible that certain jurisdictions which are showing no amounts may actually have some nominal share capital. Any such variances do not have a material impact on the analysis of this data.

APPENDIX DEFINITIONS

Tax Jurisdiction

The tax jurisdiction in which constituent entities of Anglo American are resident for tax purposes. A tax jurisdiction is defined as a State as well as a non-State jurisdiction which has fiscal autonomy. Where a constituent entity is resident in more than one tax jurisdiction, the applicable tax treaty tie breaker has been applied to determine the tax jurisdiction of residence. Where no applicable tax treaty exists, the constituent entity is reported in the tax jurisdiction of the constituent entity's place of effective management. The place of effective management is determined in accordance with the provisions of Article 4 of the OECD Model Tax Convention and its accompanying Commentary.

Revenues

Under the heading Revenues, Anglo American reports the following information: (i) the sum of revenues of all the constituent entities of the Group in the relevant tax jurisdiction generated from transactions with associated enterprises; (ii) the sum of revenues of all the constituent entities of the Group in the relevant tax jurisdiction generated from transactions with independent parties; and (iii) the total of (i) and (ii). Revenues include revenues from sales of inventory and properties, services, royalties, interest, premiums and any other amounts.

Revenues exclude payments received from other constituent entities that are treated as dividends in the payor's tax jurisdiction.

Profit / (Loss) before Income Tax

The sum of the profit (loss) before income tax for all the constituent entities resident for tax purposes in the relevant tax jurisdiction. The profit (loss) before income tax includes all extraordinary income and expense items.

Income Tax Paid (on Cash Basis)

The total amount of income tax actually paid during the fiscal year by all the constituent entities resident for tax purposes in the relevant tax jurisdiction. Taxes paid include cash taxes paid by the constituent entity to the residence jurisdiction and to all other tax jurisdictions. Taxes paid include withholding taxes paid by other entities (associated enterprises and independent enterprises) with respect to payments to the constituent entity. Thus, if company A resident in tax jurisdiction A earns interest in tax jurisdiction B, the tax withheld in tax jurisdiction B is reported by company A.

Income Tax Accrued (Current Year)

The sum of the accrued current tax expense recorded on taxable profits or losses of the year of reporting of all the constituent entities resident for tax purposes in the relevant tax jurisdiction. The current tax expense reflects only operations in the current year and does not include deferred taxes or provisions for uncertain tax liabilities.

Accumulated Earnings

The sum of the stated capital of all the constituent entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, the stated capital is reported by the legal entity of which it is a permanent establishment unless there is a defined capital requirement in the permanent establishment tax jurisdiction for regulatory purposes.

Number of Employees

The total number of employees on a full-time equivalent (FTE) basis of all the constituent entities resident for tax purposes in the relevant tax jurisdiction. The number of employees has been reported on the basis of average employment levels for the year.

Tangible Assets other than Cash and Cash Equivalents

The sum of the net book values of tangible assets of all the constituent entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, assets are reported by reference to the tax jurisdiction in which the permanent establishment is situated. Tangible assets for this purpose do not include cash or cash equivalents, intangibles, or financial assets.

Constituent Entities Resident in the Tax Jurisdiction

The constituent entities of Anglo American which are resident for tax purposes in the relevant tax jurisdiction (on a tax jurisdiction-by-tax jurisdiction basis and by legal entity name). Any permanent establishment is listed by reference to the tax jurisdiction in which it is situated.

Main Business Activity(ies)

The nature of the main business activity(ies) carried by the constituent entity in the relevant tax jurisdiction, by ticking one or more of the appropriate boxes.

The definitions included in this appendix are consistent with OECD guidelines.
