You may provide one wholesale price in U.S. currency for each piece of content resold or distributed through PlayStation®Home for all countries controlled by SCEA. Except as otherwise stated in a separate Canadian PlayStation Network certificate of wholesale price form provided to SCEA, the amount of the wholesale price in U.S. currency will be deemed to be the amount of wholesale price in Canadian dollars for content distributed in Canada without accounting for currency conversion ("Canadian WSP"). For example, US\$1 wholesale price will be deemed to be \$1 Canadian wholesale price. SCEA reserves the right to modify these terms at any time.

Please contact Home Submissions (home_submissions@playstation.sony.com) for the Canadian PlayStation Network certificate of wholesale price form. All wholesale prices will be paid in U.S. currency subject to the terms and conditions of an agreement between publisher and SCEA. The Canadian wholesale prices will be converted to U.S. currency based on SCEA's official currency exchange rate on the date of the user's purchase from PlayStation Network. Depending on such exchange rate, the Canadian wholesale price owed to publisher may be less than the wholesale price stated above.

By submitting this form to SCEA, you represent that you are an authorized representative of your company to provide content to SCEA at the wholesale price(s) stated on this form. You certify that the above wholesale price is accurate.
